PHYSIOLOGIA BOHEMOSLOVACA

VOL. 26 - 1977

Digitized by the Internet Archive
in 2024

Barth A., Klinger W.: Age-dependence of succinate dehydrogenase (SDH) in rat liver and its inducibility after barbital and phenylbutazone pretreatment . . .	489
Červinka, M., Mejsnar J., Štefl B.: Effect of intravenously infused noradrenaline on the cardiovascular system of cold-acclimated rats . . .	397
Chocholová L., Kolínová M., Fischer J.: Stimulation of the thalamus and its effect on electrographic manifestations of the brain in unrestrained rats . . .	507
Chorváthová V., Ondřejčka R., Džurík R.: Release of free fatty acids by the rat kidney . . .	115
Dlouhá H., Křeček J., Zicha J.: Blood pressure and water and electrolyte intake and excretion in rats (Brattleboro strain) after unilateral nephrectomy . . .	543
Duda P., Pavlásek J.: Localization of intraspinal longitudinal systems participating in the spreading of viscerosomatic activity . . .	149
Erban J., Janoušek V.: The influence of actinomycin D on the activity of δ -aminolaevulinic acid synthetase and dehydratase in the liver of mice and rats treated by griseofulvin . . .	173
Erdősová R., Kraus M., Řehulka J.: Corticosterone synthesis and serum levels at the end of the perinatal period. A study of the effects of stress, diazepam and polyethylene glycol treatments . . .	297
Feješ J., Boďa K., Várady J., Kořta K.: Utilization of ^{15}N -urea administered into the sheep small intestine . . .	405
Fialová E., Hník P.: Changes in integrated vagal afferent activity induced by model lung diseases in rats . . .	209
Ginter E., Ozdín L., Nemec R.: Localization of the interference of ascorbic acid deficiency with bile acid biogenesis . . .	353
Ginter E., Ramacsay L.: Determination of cholesterol turnover rate by a one- and two-pool kinetic analysis . . .	361
Hassmannová J.: Role of the claustrum in sensory activation . . .	345
Hilgertová J., Šonka J.: Formiminoglutamate excretion in rat urine after whole body irradiation, histidine administration, starvation and stress . . .	565
Hlíňák Z., Fraňková S.: Sexual behaviour of male rats rehabilitated after early protein-calorie malnutrition . . .	1
Hník P., Jirmanová I., Syrový I.: Functional transformation of fast posterior latissimus dorsi muscle by "slow" nerve implanted in newly hatched chickens . . .	103
Hník P., Holas M., Payne R., Kraus M., Erdősová R., Jakoubek B.: Do hormonal (stress) and vascular (ischaemia) factors contribute to reflex muscle atrophy induced by chronic nociceptive stimulation in rats? . . .	289
Hellán S. R., Szelényi J. G., Hasitz M., Szász I., Gárdos G.: Haemoglobin and the red cell membrane . . .	219
Javorka K., Tomori Z.: Pulmonary haemodynamics during nasal apnoea in rabbits . . .	411
Karen P., Havránek T., Jelínek J.: Age differences in interrelationships between saline consumption, blood pressure and kidney weight in salt hypertension in the rat . . .	315
Kasalický J.: Changes of regional myocardial blood flow during and after acute focal experimental ischaemia . . .	373
Kolínová M., Chocholová L.: Stimulation of the hippocampus and its effect on electrographic manifestations of the brain in unrestrained rats . . .	517
Kubát J.: Spreading EEG depression elicited by controlled deformation of the rat cerebral cortex . . .	13
Lenártová V., Holovská K., Rosival I., Havassy I.: Glutamate dehydrogenase and glutamine synthetase activity in some organs of ruminants and monogastric animals . . .	535
Lincová D., Čepelík J., Černohorský M., Elisová K.: Effect of different albumin media on the lipid-mobilizing action of sympathicotropic substances in vitro . . .	165
Mareš V., Langmeier M., Lisý V.: Postnatal changes in the DNA content of mouse cerebral hemispheres . . .	481
Masnyk S., Nicák A., Grossmann V.: Correlation of isonicotinic acid hydrazide infiltration across the blood-brain barrier to postnatal development in rats . . .	235
Mikeska J., Petrásek R.: Circadian and seasonal variations of some metabolic parameters in the serum of the albino laboratory rat (<i>Rattus norvegicus</i> var. alba) . . .	379
Mozeš Š., Kuchár S., Boďa K.: Hypoglycaemia and food intake in rats given graduated doses of insulin . . .	159

Nádvořníková H., Schück O., Stříbrná J., Firt P., Dráb K.: Renal arterial stenosis and circadian water and sodium excretion in subjects with a reduced fluid intake	193
Németh Š.: The effect of stress on the activity of hepatic tryptophan pyrrolase, of tyrosine aminotransferase in various organs and on the level of tryptophan in the liver and plasma of rats	557
Neradilová M., Blahošová A., Reisenauer R.: Acute effect of large doses of calcitonin on calcium, magnesium and inorganic phosphate levels in rat serum in correlation to differences in thyroid function	331
Nováková V.: Significance of the weaning period for natality and maternal behaviour of laboratory rats	303
Orlický J., Ruščák M.: Kinetics of the alanine aminotransferase reaction in the mitochondrial and cell sap fractions of rat brain	39
Párnat J., Seliger V., Trefný Z., Pauer M.: Determination of cardiac output by the CO ₂ -rebreathing method in fifteen-year-old boys subjected to graduated loading	85
Příbýl T., Schreiber V.: Effect of oestrogen and ascorbic acid on the serum ceruloplasmin level in rats	325
Rippa S., Ruttkay-Nedecký I.: Early postnatal developmental changes of the cardiac electric field in guinea-pigs	55
Ruttkay-Nedecký I., Cherkovich G. M.: Anatomically orthogonal QRS electrocardiogram of the baboon (<i>Papio hamadryas</i>) and the macaque (<i>Macaca mulatta</i>). Sex and species differences	61
Schreiber V., Příbýl T.: Interaction of perphenazine and an ergoline derivative on oestrogen-induced adenohypophyseal growth	31
Schreiber V., Příbýl T.: Effect of interaction of an oestrogen, testosterone and thyroid hormones on the serum ceruloplasmin level in rats	129
Schreiber V., Příbýl T.: Antioestrogenic action of the aldosterone antagonist canrenoate K in the rat (adenohypophysis, ceruloplasmin)	385
Sedláček J.: Development of spontaneous motility in chick embryos. Inhibitory effect of glycine and γ -aminobutyric acid	9
Sedláček J.: Development of spontaneous motility in chick embryos. Interaction of strychnine, glycine and GABA	111
Sedláček J.: The development of spontaneous motility in chick embryos. Interactions of picrotoxin and GABA	311
Sedláček J.: Development of spontaneous motility in chick embryos. Sensitivity to aminergic transmitters	425
Servít Z., Horák F.: The effect of acetyldexphenmetrazine and dexphenmetrazine on the susceptibility to audiogenic seizures in mice	139
Servít Z., Křištof M., Kolínová M.: Activation of epileptic electrographic phenomena in the human EEG by nasal air flow	499
Servít Z., Strejčková A.: The effect of dexphenmetrazine and acetyldexphenmetrazine upon epileptic electrographic activities in the brain of the turtle	143
Sova O., Toporková M.: Study of adaptation of the regulation of proteosynthesis in the organism to changed nutritional conditions	77
Streumer-Svobodová Z., Drahotka Z.: The development of oxidative enzymes in rat liver mitochondria	525
Stříbrná J., Sotorník I., Schück O., Firt P., Dráb K., Růžicková O., Cholinský K.: Effect of hydration on renal water and sodium excretion in patients with renal arterial stenosis (S) and essential hypertension (EH)	121
Syka J., Popelář J., Radil-Weiss T.: Comparison of spontaneous activity of mesencephalic reticular neurones in the waking state and during pentobarbital anaesthesia	21
Šimurdová M., Šimurda J., Šumbera J., Bravený P.: The course of ionic transmembrane currents during cardiac action potentials	367
Škottová N., Palkovič M., Macho L.: Effect of premature weaning on the fatty acid composition of rat adipose tissue	97
Štěpánek V., Dostál M., Pavlíček V., Šotolová O., Hartmannová B., Vašků J., Urbánek E., Bednářik B.: Mechanical combined heart supporting system for prevention of irreversible ventricular fibrillation after experimental cardiogenic shock	173
Tikal K.: Spreading depression analysis of contact behaviour of rats	337

Tomori Z., Lemánková S., Holécyová A.: Defensive reflexes of the respiratory tract in dogs	49
Toporková M., Sova O.: Effect of rhythmic alternation of protein depletion and repletion on serum protein synthesis	69
Turský T., Laššánová M.: On the localization of the two glutamate pools in the brain. Comparison of their metabolic activities in human and rat brain tissue in vitro	201
Viktora L., Málková D., Danielová V.: The complete haemogram and phagocytic activity in rhesus monkeys (<i>Macaca mulatta</i>)	239
Vízek M., Paleček F.: Effect of anaesthesia on the pattern of breathing	417
Vrána A., Fábry P., Kazdová L.: Diet-induced adaptation of intestinal fructose absorption in the rat	225

Short communications

Fischer J.: Electron microscopic changes in the active zone of the synapses in an acute projected epileptic cortical focus in the rat	189
Mitlener J., Strejčková A.: Ultrasonic grinding of capillary microelectrode tips	95
Kselíková M., Bíbr B., Lener J.: Interaction of alpha ₂ -macroglobulin with molybdenum in human and rat serum	573
<i>Proceedings of the Czechoslovak Physiological Society</i> , September 15—17, 1976	243
<i>Proceedings of the Czechoslovak Physiological Society</i> , February 1—3, 1977	435
